Champion Spark Plug Application Guide

Clean threaded spark plug holes in cylinder heads. Add new gasket and thread plug into cylinder by hand until seated against gasket. Spark plug threads may be coated very sparingly with anti-seize compound - start application at least one full thread away from the electrodes, otherwise the compound may run off and short out the plug.

Champion spark plugs traditionally leave the factory pre-gapped for their most popular application. However, a plug may fit hundreds of engines, from cars to golf carts. Gapping the plugs to your engine's specifications is important to prevent pre-ignition, detonation, fouling and poor fuel economy.
