Diversity In American Higher Education

Diversity has been a focus of higher education policy, law, and scholarship for decades, continually expanding to include not only race, ethnicity and gender, but also socioeconomic status, sexual and political orientation, and more.

Diversity in American Higher Education: Lisa M. Stulberg ...

Book Description. Diversity has been a focus of higher education policy, law, and scholarship for decades, continually expanding to include not only race, ethnicity and gender, but also socioeconomic status, sexual and political orientation, and more. However, existing collections still tend to focus on a narrow definition of diversity in education, or in relation to singular topics like access to higher education, financial aid, and affirmative action.

Diversity has been a focus of higher education policy, law, and scholarship for decades, continually expanding to include not only race, ethnicity and gender, but also socioeconomic status, sexual and political orientation, and more.

ERIC - ED524694 - Diversity in American Higher Education ...

A less common, but equally important argument for the value of diversity in higher education is that there is diversity in diversity. A misguided perception of racial diversity (just one form of diversity), is that people of one race bring a different perspective to an environment than people of another race.

On the Value of Diversity in Higher Education | American ...

This collective diversity among institutions is one of the great strengths of America's higher education system, and has helped make it the best in the world. Preserving that diversity is essential if we hope to serve the needs of our democratic society and of the increasingly global scope of the economy.

Higher education is a key pathway for social mobility in the United States. At roughly 2.5 percent, the unemployment rate for college graduates is about half of the national average. Among Hispanics, adults who had only completed a high school diploma earned \$30,329, compared with \$58,493 for those who had completed four-year college (or higher).

Advancing Diversity and Inclusion In Higher Education

The first step to building diversity at the highest college administrative level is simply recognizing the opportunity at hand. American institutions of higher education often consider how a diverse student, and even faculty, population should look but do not extend that to top-tier leadership roles. Colleges need to rethink that strategy.
