Here, we ask ourselves whether we owe anything to people who either have died already, or are not yet born. Differences in temporal location mean that people may not exist at the same time — be it only during part of their life — which raises special ethical challenges.

Intergenerational Justice - Oxford Handbooks

This article reviews three distinct approaches (presentism, utilitarianism, and rights-based ethics) to address the important issues of intergenerational justice that arise in the evaluation of climate stabilization policies. Presentism is an ethical framework that emphasizes the interests of present generations while denying that future generations have full moral standing.

Older adults are the fastest-growing population in the world. There is already a higher demand for professionals to serve this population. Therefore, it is important to prepare young adults to work with the aging cohort. However, ageism impedes people to be interested and interact with older adults. Ageism is more prevalent among younger generations, but intergenerational relationships may ...
