Manuals
Hesston has been known as the hay and forage innovator since 1955, when the company developed the first commercially available self-propelled windrower. Other industry firsts have included the first hydrostatic windrower, the first center-pivot mower-conditioner and the first big square baler—which had nearly 50 individual patents of its own.

Barium, # 8312 CIH is a Hesston 1340 fyi. We had one we just sold (if he'd pay me) this season. Had 10000 of acres on it. GREAT machines. 1345 is just newer version. Rotary mower conditioners are not cheap. If they are they are done. Have 2 newer of same but 15' an both good. Look for a roller conditioner one.
