**An introduction to interaction : understanding talk in ...**

Intrapersonal communication serves several social functions. Internal vocalization, or talking to ourselves, can help us achieve or maintain social adjustment. For example, a person may use self-talk to calm himself down in a stressful situation, or a shy person may remind herself to smile during a social event.

**Intrapersonal Communication | SPCH 1311: Introduction to ...**

In sociolinguistics, conversation analysis —also called talk-in-interaction and ethnomethodology —is the study of talk produced in the course of ordinary human interactions. Sociologist Harvey Sacks (1935-1975) is generally credited with founding the discipline.

**Conversation Analysis Definition and Examples**

Its systematic description and explication of the moment-by-moment, turn-by-turn unfolding of social interactions, accomplished through repeated listening or viewing of audio or video recordings, have aided classroom researchers' understanding of the dynamics of talk-in-interaction in classrooms and the social orders manifested therein.

**Conversation Analysis and Talk-in-Interaction in ...**

Interaction design is about talking to your audience. Make sure you are using the best words and visuals to do so. Remember, the way a person interacts with a digital product (be it a website, an app or the like), ultimately shapes the decisions and other aspects of the user journey. Make it easy, and make it fun.
