Belzona 1111 (Super Metal) A 2-part repair composite for metal repair and resurfacing based on solvent-free epoxy resin reinforced with silicon steel alloy.

Online Library Material Safety Data Sheet Belzona 1111 Super Metal Base

This repair material will not corrode and resists a wide range of chemicals. It is easy to mix and apply without the need of specialist tools and can be machined using conventional tools.

Belzona 1111 (Super Metal) composite

Belzona products are manufactured to

Online Library Material Safety Data Sheet Belzona 1111 Super Metal Base

resolve these problems by: Reducing labor by eliminating the need for disassembly, welding, and post weld heat treatment. Decreasing costs through increased asset availability. Enhancing safety by allowing in-situ cold work with solvent free materials.
