Solutions to Questions 3-18By definition, overhead consists of costs that cannot practically be traced to products or jobs. Therefore, if they are to be assigned to products or jobs, overhead costs must be allo- cated rather than traced. 3-2Job-order costing is used in situations where many different products or services are produced each period.

Solved: Billed. A. McGraw-Hill Education Uses \$3,800 Worth ...

3-5 If actual manufacturing overhead cost is applied to jobs, the company must wait until the end of the accounting period to apply overhead and to cost jobs. If the company computes actual overhead rates more frequently to get around this problem, the rates may fluctuate widely due to seasonal factors or variations in output.
