Where To Download Philosophical Problems And Arguments An Introduction

Ethics, the philosophical discipline concerned with what is morally good and bad and morally right and wrong. Its subject consists of fundamental issues of practical decision making, and its major concerns include the nature of ultimate value and the standards by which human actions can be morally evaluated.

ethics | Origins, History, Theories, & Applications ...

Philosophical arguments and justifications are another important part of philosophical method. It is rare to find a philosopher, particularly in the Western philosophical tradition, who lacks many arguments. Philosophers are, or at least are expected to be, very good at giving arguments.
