in China is an ongoing series of books about the history of science and technology in

China published by Cambridge University Press. It was initiated

and edited by British historian Joseph

Needham. Needham was a well-respected scientist before

undertaking this encyclopedia and was even responsible for the "S" in UNESCO. To date there have been

Technology in Ancient  
China The history of  
science and technology  
in China is both long  
and rich with many  
contributions to
