The Zinn Education Project promotes and supports the teaching of people's history in middle and high school classrooms across the country. Based on the lens of history highlighted in Howard Zinn's best-selling book A People's History of the United States, the website offers free, downloadable lessons and articles organized by theme, time period, and reading level.

Zinn Education Project: Teaching People's History

appears between people on an interpsychological plane and then inside the learner on an intrapsychological plane (Vygotsky, 1978). The notion of the teacher assisting student performance through the "zone of proximal development" suggests that teachers can guide the discourse of the interpsychological plane to support student learning.
