USP-NF 2020

The United States Pharmacopeia (USP) was created nearly 200 years ago, dedicated to instilling trust where it matters most: in the medicines, supplements and foods people rely on for their health. The quality standards we develop help manufacturers deliver on their promises of safe products, while building confidence among healthcare ...

U.S. Pharmacopeia

The definition for particle-free water is provided in Reagent Specifications under Reagents, Indicators and Solution section. The apparatus is calibrated using dispersions of spherical particles of known sizes between 10 µm and 25 µm, USP Particle Count Reference Standard. These standard particles are dispersed in particle-free water. Care ...
