Vw Aac Engine - delapac.com

History. Introduced in 1990, the T4 was the first Volkswagen van to have a front-mounted, water-cooled engine. Prompted by the success of similar moves with their passenger cars, Volkswagen had toyed with the idea of replacing their air-cooled, rear-engined T2 vans with a front-engined, water-cooled design in the late 1970s. The reasons for deciding in 1980 to instead introduce a new rear ...
