Broadly speaking, research seems to indicate that women are attracted to penis proportionality and upkeep just as much, if not more than penis size or girth. This is encouraging for men, who can do some trimming and try not to worry so much about length, which research shows is a concern — exacerbated by internet pornography — for many men. A ruler measurement is simply not enough to ...

Many women look back on their teenage years and are embarrassed at the fashion slaves or victims they were. Consequently, as adults, they do not want to keep up with every single trend, yet they do not want to appear unfashionable either (Woodward, 2007). Classic, high-quality luxury products therefore play a big role in any woman's closet.
